Xtylo Beauty College has a formal written policy regarding leaves of absence requiring that all requests for leaves of absence be submitted in writing in advance, including the reason for the student's request and including the student's signature, and must be approved by the Xtylo Beauty College, unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to Xtylo Beauty College, the student would not have been able to apply for the LOA in advance. Xtylo Beauty College may grant a LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if Xtylo Beauty College will document the reason for its decision and collect the student's request and documentation at a later date. In this example, the approved LOA start date will be the first date the student was unable to attend due to the accident. No additional fees will be charged to a student as a result of a requested LOA. A student will not be awarded a LOA if the LOA, along with any additional LOA previously awarded, exceeds a total of 180 days in any 12-month period. A student who was awarded a LOA in accordance with Xtylo Beauty College policy is not considered withdrawn and a refund calculation is not required at that time. A student's contract period will be extended by the same number of days taken in the LOA and an addendum to the enrollment agreement must be signed by Xtylo Beauty College and the student. A student will be withdrawn if the student takes a non-approved LOA or does not return by the expiration of the approved LOA. Xtylo Beauty College is required to take attendance, the withdrawal date for the purpose of calculating a refund will be the student's last date of attendance.

GRADING SYSTEM

Students are evaluated monthly in theory, practical operations, and attendance. The grading scale is as follows: Practical theory, practical operations are graded on the following scales.

	Theory Exam	Practical Exam
Excellent	100-90%	100-90%
Good	89-80%	89-80%
Satisfactory	79-70%	79-70%
Failing	69-0%	69-0%

INCOMPLETE GRADES

Incomplete grades cannot be given a final grade and will affect grade point average until a final grade is assigned. However, at the end of the class session, students may be granted a maximum extension not to exceed 7 school days to complete the program requirements. If the student does not complete the program requirement within the extension period, they will receive an "F" grade in the class.

GRADUATION REQUIREMENTS

The student must: 1) Complete the required hours of training. 2) Maintain satisfactory progress requirements per the criteria of the Satisfactory Progress Policy. 3) Take a final examination on practical procedures, and a written examination—having a passing score of not less than 70%. 4) Fulfill all financial obligations to the school and/or have a pre-approved Institutional Finance Plan (IFP) in place prior to completing required hours. 5) Completion of an exit interview and required exit paperwork. Upon completion of these requirements, a certification of hours will be provided.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy (SAP) is printed in the school catalog to ensure that all students enrolled in one of our part-time or full-time programs receive a copy prior to enrollment. This policy complies with the guidelines established by the National Accreditation Commission for Career Arts and Sciences (NACCAS) and federal regulations established by the United States Department of Education.

Evaluations will determine if the student has met the minimum requirements for SAP. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the program.

Students will be sent a Satisfactory Academic Progress Report upon reaching each evaluation period. SAP will be evaluated at the conclusion of each evaluation period and completed within seven (7) school business days of the scheduled evaluation. Students who are found not meeting SAP requirements must sign their report in a timely manner. A copy of each SAP report will be kept in the student’s file and additional copies of a student’s SAP report is available to each student upon request.

If a student is making satisfactory progress at the time of the assessment, the student is considered to be making satisfactory progress until the next assessment period. If a student is NOT making satisfactory progress at the time of the assessment, then a warning will be placed on the student.

***Transferred students:** midpoint of contracted hours or established evaluation periods, whichever occurs first
 Assessments will determine if the student has met the minimum requirements for satisfactory academic progress. Assessment frequency ensures students have had at least one midpoint assessment in the program.

ATTENDANCE AND ACADEMIC PROGRESS ASSESSMENTS

Students must demonstrate satisfactory academic progress to complete their programs by meeting the established standards of Xtylo Beauty College. Satisfactory academic progress is the measure of qualitative (academic) progress for students and quantitative (attendance) progress for students as defined below.

- Grade point average (GPA) is calculated by a minimum cumulative academic grade of 70% or more in practice and a minimum cumulative theoretical grade of 70% or more.

QUANTITATIVE EVALUATION (ATTENDANCE):

Students are expected to complete their program in 150% percent of the normal time set for completion. Assessments are based on cumulative attendance percentage. The attendance percentage is determined by dividing the total accumulated hours by the total number of hours scheduled. Therefore, in each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the program, indicating that, given the same attendance rate, the student will graduate within the maximum period allowed and the student will be considered to be progressing satisfactorily.

QUALITATIVE EVALUATION (ACADEMIC):

Students are expected to maintain a cumulative average of 70% of their combined practical and written grades to be considered to be making satisfactory academic progress during an assessment period. During the study, at least two complete practical and written skills exams will be taken. Practical skills are evaluated in accordance with procedures established by the Arizona State Board of Cosmetology and evaluation criteria adopted by Xtylo Beauty College. The theory classes will require written exams to be taken in each of the study chapters as established by the Arizona State Board of Cosmetology and Xtylo Beauty College guidelines. Students must make up the failed or missed test and incomplete assignments.

THEORY AND PRACTICAL GRADES	
100-90%	A (Excellent)
89-80%	B (Good)
79-70%	C (Satisfactory)
69-0%	F (Failing)

Due to the accumulated capabilities of individual students, some may progress from one level of training to another at a faster rate. However, all students will be required to satisfactorily complete all subjects prior to graduation unless credit has been allowed for prior training in a particular subject area.

MAXIMUM PERIOD TO COMPLETE THE PROGRAM

The maximum time a student has to complete any program is 1½ times the duration of the program. Transfer hours from another institution that are accepted into the student's educational program are counted as attempted and completed hours for the purpose of determining when the allowed time limit has been exhausted. The duration of the program approved by the National Accreditation Commission for Professional Arts and Sciences (NACCAS) is defined as the period of time identified in the enrollment contract, absences are not included in this total. A leave of absence will also extend the expected graduation date of the student's contract and the maximum time of one and a half (1 ½) times the duration of the program as established in the enrollment agreement by the number of days taken in the leave of absence. Students re-enter in the same state as when they left. The 67% attendance rate is programmed into our software system check at the assessment points for each program. However, we do monitor satisfactory progress manually throughout the student program to ensure that students have ample opportunity to improve if they are below standards. Failure to attend classes for 14 consecutive days will result in termination of the program.

The regular maximum term to complete each program is as follows:

MAXIMUM TIME ALLOWED

PROGRAM WEEKS	SCHEDULED HOURS/WEEKS
Cosmetology Full Time (1500 Clock Hours, 32 Hours per Week, 47 Weeks)	2250 Clock Hours/71 Weeks
Cosmetology Part-Time (1500 Clock Hours, 24 Hours per Week, 63 Weeks)	2250 Clock Hours/94.5 Weeks
Instructor Training (350 Clock Hours, 32 Hours per Week, 11 Weeks)	525 Clock Hours/17 Weeks
Nail Technician Full Time (600 Clock Hours, 32 Hours per Week, 19 Weeks)	900 Clock Hours/29 Weeks
Nail Technician Part-Time (600 Clock Hours, 25 Hours per Week, 24 Weeks)	900 Clock Hours/36 Weeks
Barber Full-Time (1200 Clock Hours, 32 Hours per Week, 38 Weeks) This Program is not approved by NACCAS and Title IV Funding	1800 Clock Hours/57 Weeks
Barber Part-Time (1200 Clock Hours, 24 Hours per Week, 50 Weeks) This Program is not approved by NACCAS and Title IV Funding	1800 Clock Hours/75 Weeks
Esthetician Part-time (600 Clock Hours, 25 Hours per Week, 24 Weeks) This Program is not approved by NACCAS and Title IV Funding	900 Clock Hours/36 Weeks

***The institution operates all programs according to the schedule of 900 hours per academic year of instruction.**

Students who have not completed the program within the maximum term can continue as students at Xtylo Beauty College on a cash payment basis described below:

- Each program has been scheduled to be completed within an allotted time frame. It is not realistic to expect to receive a free education. The school has reserved space, equipment, and licensed instructors for each student and program. If a student does not graduate within the contract period, additional training will be charged at the rate of \$ 10.00 per hour, which will be paid in advance, until graduation. Students will not be allowed to check in until the appropriate daily payments are made.

DETERMINING THE STATUS OF PROGRESS

Students who meet the minimum academic requirements and attendance at the assessment point are considered to have satisfactory academic progress until the next scheduled assessment. Students will receive a printed copy of their Determination of Satisfactory Academic Progress at the time of each of the assessments. Students who consider not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted (**Only Cosmetology and Nail Technician programs have Title IV**). Unless the student has a warning or prevailed after an appeal resulting in a probationary period.

WARNING

Students who do not meet the minimum requirements for attendance or academic progress receive a warning and are considered to be making satisfactory academic progress during the warning period. The student will be informed in writing about the actions required to achieve satisfactory academic progress for the next evaluation. If at the end of the warning period, the student has not yet met the academic and attendance requirements, they may be placed on probation and, if applicable, the students may be deemed ineligible for Title IV funding.

PROBATION PERIOD

Students who do not meet the minimum requirements for attendance or academic progress after the warning period will be placed on probation and are considered to have satisfactory academic progress during the probationary period if the student appeals the decision and

prevails in the appeal. Additionally, only students who have the ability to meet the standards of the Satisfactory Academic Progress Policy at the end of the testing period can be placed on probation. Students placed on an academic plan must be able to meet the requirements set forth in the academic plan by the end of the next testing period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be informed in writing of the actions required to achieve satisfactory academic progress in the next evaluation. If at the end of the probationary period, the student has not yet met the academic and attendance requirements required for satisfactory academic progress or the academic plan, it will be determined that they are NOT making satisfactory academic progress and, if applicable, the students they will not be considered eligible to receive Title IV funds.

RESTORATION OF SATISFACTORY PROGRESS

Students can reestablish satisfactory academic progress and Title IV aid, as appropriate, by meeting minimum attendance and academic requirements by the end of the warning or period test.

INTERRUPTIONS, PROGRAM INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted by a Leave of Absence, the student will return to school in the same state of progress as before the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken on the leave of absence and will not be included in the calculation of the student's cumulative attendance percentage. Students who withdraw prior to completing the program and wish to re-enroll will return in the same satisfactory state of academic progress as at the time of withdrawal.

APPEAL PROCEDURE

If it is determined that a student is not making satisfactory progress, the student may appeal the decision within ten calendar days. Reasons for which students may appeal a negative progress determination include the death of a relative, an injury or illness of the student, or any other special or mitigating circumstances allowed. The student must submit a written appeal to the school on the designated form that describes why they did not meet satisfactory standards of academic progress, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress at the next assessment point. The appeal documents will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be kept in the student's file. If the student prevails upon appeal, the satisfactory determination of academic progress will be reversed and federal financial aid will be reinstated, if applicable individually. The reinstatement of Satisfactory Progress and restitution applies to all students, financial aid or not.

NO CREDIT, RESOURCES, COURSES, REPETITIONS

Non-accredited programs, remedies, and repetitions do not apply to this institution. Therefore, these items have no effect on the school's satisfactory academic progress standards.

TRANSFER HOURS

The transfer hours from another institution that are accepted for the student's educational program are counted as attempted and completed hours in order to determine when the maximum time allowed has been exhausted. SAP evaluation periods are based on actual contracted hours at Xtylo Beauty College Campus in Tolleson. Phoenix Campus is based on Scheduled Hours.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives rights to students and parents/guardians of dependent minors with respect to accessing the student's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students".

*Parents/guardians of eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents of eligible students to review the records.

*Parents/guardians of eligible students have the right to correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent/guardian of eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent/guardian or eligible student has the right to place a statement with the record, setting forth his or her view about the contested information.

FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest.
- Other schools to which a student is transferring.
- Specified officials for audit or evaluation purposes.
- Appropriate parties in connection with financial aid to a student.
- Organizations conduct certain studies for on behalf of the school.
- Accrediting organizations.
- To comply with a judicial order or lawfully issued subpoena.
- Appropriate officials in cases of health and safety emergencies.
- State and local authorities, within a juvenile justice system, pursuant to specific State Law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents/guardians and eligible students about directory information and allow parents/guardians and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents/guardians eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a newspaper article) is left to the discretion of each school.

DISCLOSURE OF EDUCATIONAL RECORDS

Adult students, parents of minor students, and the legal guardian of tax-dependent students have the right to inspect, review, and challenge the information contained in their educational records. However, a member of staff must be present. Education records are defined as files, materials, and documents that contain information causally related to the student and are maintained by the institution. The school will maintain the records for five (5) years from the last date of attendance. The transcripts are kept permanently. Students do not have the right to inspect your parents' financial records. Written consent is required from the student (or his/her guardian if the student is a minor dependent) or government agencies authorized by law.

HEALTH AND PHYSICAL CONSIDERATION

In general, the professional in the field must be in good physical health as he / she will be working in direct contact with clients. In most aspects of the beauty field there is a great deal of standing, walking, pushing, bending, and stretching for long periods of time. A person must consider their physical limitations in terms of pursuing a career that involves extensive physical demands. We promote the acceptance of students with physical limitations or disabilities if these students (their parents or doctor) believe that they can meet the demands of training.

SECURITY REQUIREMENTS

On a daily basis, students and professionals of the cosmetology career handle dangerous chemicals and solutions, which can cause allergic reactions, burn the skin and the scalp program. Mixtures can damage hair or nails or produce dangerous fumes if not mixed and stored properly. Electrical appliances are used near the sink and water areas. These devices must be properly cared for and maintained so that an electric shock does not occur to the Cosmetologist or Employer. Cosmetology professionals are exposed to human skin, the scalp program, nails, and sometimes blood! A cosmetologist can find contagious diseases or parasites while working on clients. Cleaning and disinfection should be practiced at all times. Generally speaking, cosmetologists work on tile or linoleum floors, which require closed-toe footwear and slip-resistant soles and avoid loose shoelaces, to avoid slipping and accidents. At all times, cosmetology professionals should wear lab coats or jackets and provide an "apron" or protective layer to each client to avoid the possibility of chemical splashes, spills, and general cleanliness.

EMERGENCY EVACUATION PLAN

The emergency preparedness plan is available to students and staff.

- 1.) Fire Safety: Post and review evacuation procedure during new student orientation.
- 2.) In case of fire:
 - a. Contact the fire department to make sure they keep the number readily available. Provide the name and address of the business, the nature of the fire (what is burning), and the name of the person who reported the fire.
 - b. Evacuate the premises following the planned installation procedure.
 - c. Plan alternate exits for use in case the regular route is blocked by fire.
 - d. Maintenance of fire extinguishers annually.
- 3.) Use of fire extinguishers. Install away from potential fire hazards and near an escape route. Follow the instructions. Many work as follows:
 - a. Pull the pin.
 - b. Aim the mouthpiece.
 - c. Squeeze the handle.
 - d. Sweep from side to side at the base until the fire dies out.
- 4.) Recommended Procedures: The National Fire Protection Association recommends that you ONLY stand and fight a fire if ALL of the following are TRUE:
 - a. Everyone is leaving the facility and the fire department has been called.
 - b. The fire is small and confined to the work area where it started (bin, cushion, small appliance, etc.)
 - c. You can fight fire with your back to an escape route.
 - d. Your extinguisher is rated for the type of fire you are fighting and is in good working order.

THE RETURN OF TITLE IV FUNDS POLICY (Phoenix Campus is the only campus approved for the return of Title IV Funding)

The federal Higher Education Act (HEA) of 1965 was amended in 1998, and new regulations were established regarding Title IV student financial aid programs. Students earn their Title IV federal financial aid by attending class and if they are not enrolled long enough to earn some or all their aid, the "unearned" portion must be returned to the appropriate Title IV program.

Title IV financial aid programs include Federal Pell Grant, Federal Stafford Loans and Federal Work-Study (FWS). Federal Work-Study earnings are not affected by Title IV regulations concerning the return of unearned federal financial aid. Only federal grants and federal loans are affected by this policy.

This is a distinctive refund policy for financial aid that differs from the College refund policy. Title IV funds (Financial Aid) are awarded to a student under the assumption that the student will attend school for the entire period for which the aid is awarded. In accordance with Federal regulations, a student must earn their Title IV funds for each payment period.

Students earn their Title IV funds on a prorated basis over the first 60% of each payment period. For students attending clock hour programs, the percentage is hours the student was scheduled to complete divided by total clock hours in the period.

After the point, the student was scheduled to complete more than 60% of the scheduled hours of the payment period, the student is eligible to retain 100% of the Title IV funds scheduled for that payment period.

If a student receiving Financial Aid withdraws before he or she was scheduled to complete more than 60% of the scheduled hours in a payment period, the school is required to perform the Return to Title IV calculation to:

- a) **determine the portion of aid earned by the student up until the date of withdrawal.**
- b) return the amount of unearned aid to the appropriate Title IV Program (i.e., loans, grants, etc.),
- c) notify the student of the return calculation results and any amount(s) the student may owe to the school and/or the Department of Education because of the return calculation.

The school is also required to perform calculations based on its institutional refund policy.

For students attending clock hour programs, a student earns their Title IV funds on a prorated basis over the first 60% of the scheduled hours for each payment period.

After attending 60% of scheduled hours of the payment period, the student is eligible to retain 100% of the Title IV funds scheduled for that payment period.

If after the return and refund calculations, you have an amount due payable to the Department of Education you must remit your payment to the Department of Education immediately. In addition to making your payment (s), federal regulations require that, after separation from the educational institution, you, the loan borrower, must complete an advisory session for the dismissal of your student loan to recognize your student loan rights and responsibilities regarding your student loan.

https://nslds.ed.gov/nslds/nslds_SA/public/SaEcWelcome.do

Lastly, keep in mind that the student loans you borrowed to pay for your education at XTYLO BEAUTY COLLEGE will be repaid six months after the last day you attended school. Your loan servicer will notify you very soon of your scheduled loan payments and where to send those payments. Make sure you send your payments on time to avoid further penalties and a bad credit rating. If you are interested in learning more about your student loans, feel free to visit the website, contact your student loan servicer, or contact our office at the phone number above for assistance.

WITHDRAWAL FROM THE PROGRAM

You may withdraw from school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 50 percent or less of your scheduled hours in the current program pay period up to the last day of attendance. The refund will be less the registration or administration fee not to exceed \$ 100.00 and less any deduction for equipment not returned in good condition, within 45 days of resignation. If the student has completed more than 50% of the period for which the student was charged, the tuition is considered a gain and the student will not receive funds.

In determining a refund under this section, a student who has completed the training program will be considered when any of the following situations exist:

- The student notifies the institution of his withdrawal or the date of withdrawal, whichever occurs later.
- The institution terminates the enrollment of the student who does not meet the requirements to maintain satisfactory progress; Breach of the rules and regulations of the institution; Excessive absences to the maximum established by the institution; Or breach of financial obligations to Xtylo Beauty College.
- The student did not attend 14 consecutive school days.
- The student does not return from his leave of absence, the determination date is based on either the date of his return or the date of notification of the student, whichever occurs first.

CANCELLATION OF THE PROGRAM

If a program is canceled after the enrollment of a student and before instruction begins, the College shall, at its option:

- Provide a full refund of all monies paid; or
- Provide completion of the course or program

The start and end dates of all course schedules are subject to change. Students will be duly notified. Students will be offered the opportunity to consent as provided by law. In cases where such changes cause undue hardship, a refund will be offered. Xtylo Beauty College reserves the right to withdraw a scheduled program if enrollment is insufficient to complete a class. All money paid will be returned. Our university does not use accreditation names for any type of collections. The school does not give discounts.
